## 4. Ievadiet informāciju

The screenshot shows the 'Enable User' screen with a back arrow and the title 'Enable User'. Below the title is the instruction 'Log In to HandyKey Account'. There are three input fields: 'Username' with a blurred value, 'Password' with masked characters, and 'Your current brokerage account password'. A teal 'CONTINUE' button is positioned below the password fields. At the bottom, a keyboard overlay is visible with numbers 1-0 and letters q-w-e-r-t-y-u-i-o-p.

Ievadiet jūsu Lietotājevārdu un Paroli un nospiediet **Continue**

## 5. Pārbaudiet mobilā tālruņa numuru

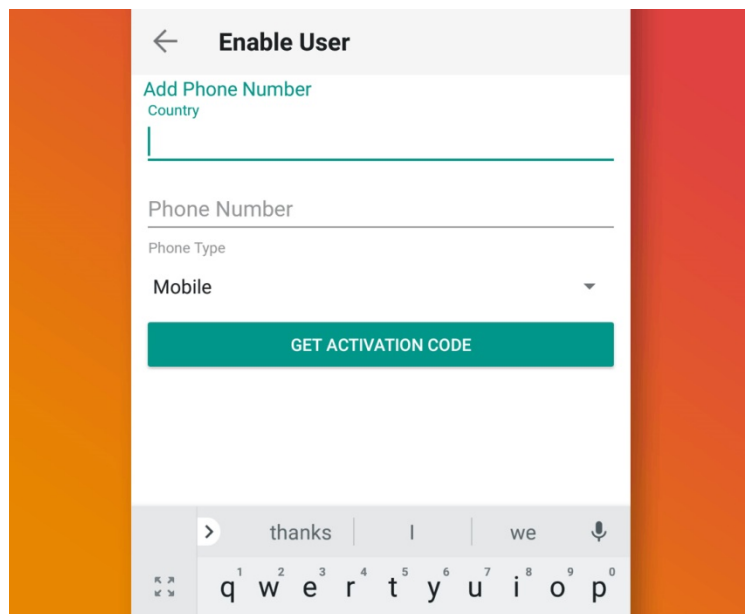

The screenshot shows the 'Enable User' screen with a back arrow and the title 'Enable User'. Below the title is the instruction 'Select Phone Number'. A list of phone numbers is displayed, with the first one, '+41 78 888 8888', selected and marked with a green checkmark. Below it, the text 'Switzerland - Mobile' is visible.

Pēc noklusējuma ir izvēlēts kontam piesaistītais tālruņa numurs. Ja jums nav iespēju saņemt Izsīņas (SMS) uz šo numuru, ir jāizvēlas cits numurs no saraksta (ja tāds ir pieejams) vai jāpievieno jauns numurs.

6. Lai pievienotu jaunu numuru, nospiediet **Add Phone number**, ievadiet numuru un izvēlaties atbilstošo valsti.

A screenshot of a mobile application interface titled "Enable User". The screen shows a form with the following fields: "Add Phone Number" (with a "Country" label), "Phone Number", "Phone Type", and "Mobile" (with a dropdown arrow). A green button labeled "GET ACTIVATION CODE" is positioned below the form. At the bottom, a keyboard is visible with the text "thanks | | we" and a microphone icon.

Kad vēlamais numurs ir izvēlēts no saraksta vai ievadīts jauns, nospiediet **Get Activation SMS**

## 7. Aktivizējiet

Jūs saņemsiet SMS īsziņu, kas saturēs aktivizācijas kodu (Activation Token). Ievadiet šo kodu laukā Activation Code. Atbilstoši jūsu viedtālruna operētājsistēmas un aprīkojuma funkcionalitātei ir iespējams, ka tiks lūgts iestatīt vai definēt drošības elementus aplikācijas aizsardzībai (pirkstu nospiedums, Face ID vai PIN-kods).

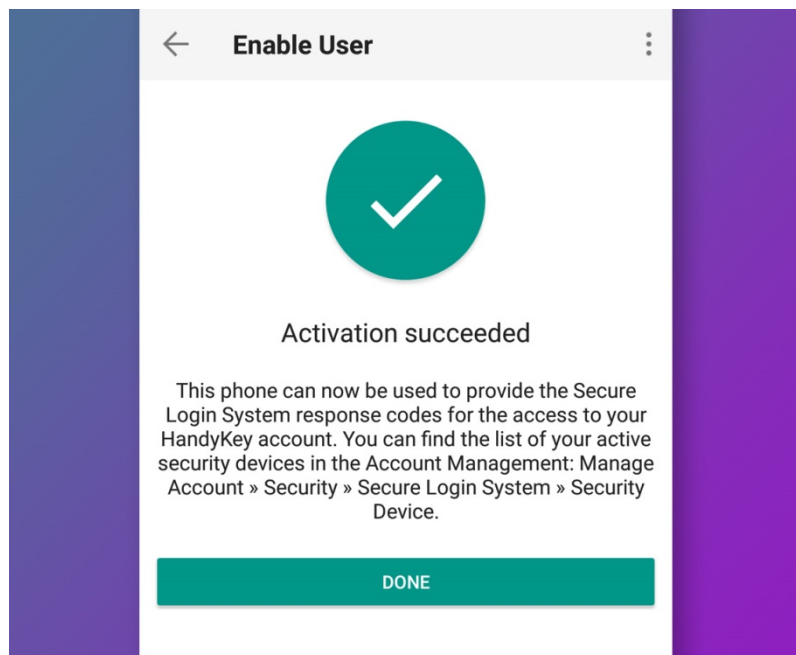

A screenshot of the same mobile application interface, now showing the "Enter Activation code and PIN" section. The "Activation Code" field contains the number "12345". Below it are fields for "PIN" and "Repeat PIN", both containing four dots. A green button labeled "ACTIVATE" is positioned below the form. A "PLEASE NOTE" message is visible at the bottom: "Depending on your Mobile Service Provider, the delivery of this code may take up to a couple of minutes. Please allow at least 3 minutes for the reception of the message before requesting a new code." A keyboard is visible at the bottom.

Kad tas ir izdarīts, nospiediet **Activate**
